Dear **Rohan Mane**,

We would like to congratulate you on being selected for the intern position, effective 16/06/2021. All of us at **Vilas Yele and Associates** are excited that you will be joining our team!

As we discussed during the interview process, this is a academic internship during which you will be expected to provide 54 hours per week through 01/11/2021 (excluding holidays). Each semester, you will be awarded an educational stipend of up to Rs. 3000 to defray some of your educational expenses.

This internship is viewed by **Vilas Yele and Associates** as being an educational opportunity for you, rather than a part-time job. As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts through hands-on application of the knowledge you learned in class.

Since you will be receiving an educational stipend, it is important that you notify your supervisor about this internship. This will assist us with the processing of paperwork and help us avoid delays in awarding your stipend.

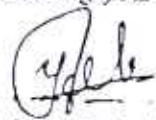

Again, congratulations and we look forward to working with you this coming year.

Sincerely,

STUDIO INTEGRATE

This is to certify that Shrikant Sherkar has successfully undergone his professional training in our firm from 15th May 2021 to 15th November 2021.

During his course of training he worked on:

ARCHITECTURE:

- Sonigara Peninsula
- Signature Park
- Sarita Jain Farm House
- Udyognagar Commercial
- Bardiya residence
- Punamiya Residence
- Bhandari
- Boralkar Residence

INTERIOR:

- Mrs. Jain
- Lodha Belmondo
- Vivanta Sample Flat
- Sonigara Peninsula
- Mr. Sonigara

Shrikant Sherkar has been very hardworking, sincere and focused. He is also a good team player. He has worked at multiple levels on various projects and is a very quick learner. Shrikant has the ability to translate abstract ideas into neatly executed drawings. Shrikant contributed positively to the office environment through discussions and has strong technical skills which can mature further to enhance his design skills. He has also developed good software skills which he employs in his design processes. He worked with good attitude, showed a lot of enthusiasm and was an asset to our office.

He would be advised to be more critical in his architectural thinking and master a 3d software to enhance his creative ability further.

Yours sincerely,

Ref: Successful completion of practical training (Internship) of one of your student,
Ms. Kalyani Sonekar

Respected Ma'am,

We take this opportunity to convey our "Greetings" to the entire faculty and non-teaching staff of your esteemed educational Institute.

Being one of the known architectural consultancy services in the city, we are handling a number of residential, apartment schemes, commercial, urban planning, public and semi-public, projects in the city as well as in various other cities. This has created a good platform for Ms. Kalyani Sonekar, who was fortunate enough to expand her knowledge by working on various projects.

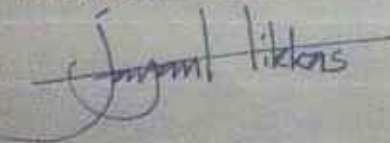

During the course of internship from July 02, 2021 to December 02, 2021 we found her to be punctual, sincere towards her work. She is receptive to the knowledge imparted to her with regard to the working, planning and designing of various ongoing projects of our firm and adaptive to the office atmosphere.

In the months that followed, her internship has turned out to be more oriented towards architectural work, site visits and understanding of various building details. It can be said with a fair amount of certainty that she is conversant with interior detailing, views, electrical/plumbing layouts, etc.

We hereby convey our best wishes for her future endeavors and for a bright, prospective and successful career.

Thanking You,

Yours Sincerely,

Pune(MH)

This is to certify that **Ms. Sudeshna Patil** has successfully completed his internship at **Saphalya Associates**, Chinchwad, Pune, from 14th June 2021 to 30th October 2021. She had been exposed to various on- going architectural and interior design projects at our office. The following is the list of projects where she could contribute:

1. Mr. Avinash Botre : Being a part of the design process and preparation of working drawings and 3D renders.
2. Mr. Dwivedi : Being a part of the design process and preparation of 3D renders.
3. Mrs. Shevde : Preparing layout for interior design and working drawings.
4. Dr. V. Kale : Being a part of the design process and preparation of 3D renders.
5. New Era High School : Preparing measured drawings and reproducing existing drawings
6. Mr. Joshi, Kolhapur : Preparing layout for interior design and working drawings.

As part of the above said projects, not only has Ms. Sudeshna been an enthusiastic member of the team, but also showed her inclination in learning by contributing various other projects. She had been given the responsibility to also carry out timely site visits in co-ordination with the on-site team, in order to study the project in its every stage. Even though Ms. Sudeshna joined our office in the pandemic situation, she tried to involve herself in various projects in order to learn as much as she could. Apart from work front, she has also created a good rapport with the other staff members of the office and had indulged herself in exchange of ideas.

We wish her all the best for her future endeavours.

DESIGN

Date: 01st August, 2021 www.sagadesign.in

Dear **Jai Wankhede**

We are very pleased to offer a position of an **Intern Architect** at **SAGA Design**. We have selected you on the base of the work portfolio and attitude that we have seen during the interview discussion and are sure we can expect the same attitude and performance in your work tenure with us.

We are expecting you to join us from **02nd August, 2021**. The hours of work are from 10:00 am to 7:00 pm from Monday to Saturday with a holiday any two Saturdays of the month. For attendance at entry in office we consider a grace period of 15 minutes later than which it shall be considered half day. You may need to work for more hours as necessary as per the requirement of the project and meet the deadlines.

If we notice any sort of violation of rules or behavior in the office or we notice that your work and dedication towards our office and projects is not up to the mark and is disturbing the office working, we will be authorized to terminate you from the office without any notice and salary of the number of days worked in that month.

The Company reserves the right to terminate your employment summarily without any notice period or termination payment, if it has reasonable ground to believe you are guilty of misconduct or negligence, or have committed any fundamental breach of contract or caused any loss to the Company. On the termination of your employment for whatever reason, you will return to the Company all property; documents and paper, both original and copies thereof, including any samples, literature, contracts, records, lists, drawings, blueprints, letters, notes, data and the like; and Confidential Information, in your possession or under your control relating to your employment or to clients' business affairs. We are confident that you will be an asset to our company and are eagerly looking forward for you to be a part of our team.

The drawings, photos, 3D or any sort of documentation of the project that the office has proposed, designed and executed is the property of the office and extremely confidential material and cannot be taken, shared or discussed with any non-relevant source outside the office or for your personal benefits. If needed for any sort of specified requirement you will need to discuss with the **Principal Architect** and only under his supervision and approval you will be allowed to take the material out of the office premises. If we find the Breaching of this term shall result in termination and action shall be taken under the policies of law.

Dear architect-friend,

Obligations of good architectural practices all over the world acknowledge it to be the responsibility of every architect to advance the professional development of the younger entrants to the profession by helping them acquire proper understanding of the function and activities of architects as well as accomplished requisite skills and competence to do them justice thus to always keep on ensuring for future the noble dignity and social status of the profession.

Hence this cordial invitation extended to proffer you an opportunity to collaborate with us in our endeavour although academic and hence curricularised, in shouldering the said responsibility with all your pragmatic and expedient contact with the ever shifting technological and ideological scenario in the profession.

The ten-semester bachelors course in architecture of Pune University is purposely programmed on 'Sandwich Pattern' to the better advantage of the educational guidelines proffered by the Indian council of architecture since it ipso-facto entails a continued access, however brief, for students to institutional facilities for subsequent self correction or improvement.

Accordingly an intermediate 'Ninth' semester is allotted to "Practical-Training in Professional Organisation" for students to learn, by example, about the application in practice of academic percepts and instructions till then received by them i.e. during the prior six semesters:

The students scheduled for such trainings will have been elementarily acquainted with such core-subjects as - Architectural Drawings and Graphics, 2D Computer-Aided-Drafting, Architectural Design, Building Technology and Services, Structural Design, Surveying and Leveling and working Drawing with a view to enable them function fairly well primarily in the 'Design-Sections' of the professional organisations. They will also have been elementarily exposed to such complementary subjects like Basic Design, History of architecture, Building Climatology, Landscape Design etc. not only NOT to subjects like Quantity-Surveying and Estimation, Building Bye-laws, Professional Practice or advanced levels of the aforesaid core subjects.

Dr. D. Y. Patil Pratishthan's
Dr. D. Y. Patil College of Architecture,
Padmasani, Akurdi, Pune

As such the trainees are not expected to render full-fledged architectural services to your organisation but rather will have to be entrusted with modest assignments purposely of a range as can give them as much a window on customary purview and procedure of architectural practice as possible; it is in this regard that your considered collaboration is earnestly solicited.

Under the curriculum, the trainees are required to be engaged on full-time basis and expected to behave properly working regularly, punctually and diligently within the disciplinary frame-work of your organisation. Any lapses on their part in this regard may please be reported in the 'Faculty in-charge' as nominated for the concerned Academic Year by the College, hereinafter mentioned, although the onus of their misconduct will be entirely their.

For better description of the over-all purview envisaged under the curriculum for "Practical Training" relevant portion of the concerned syllabus is enclosed for your perusal and ready reference.

Needless to say you should always feel free to obtain whatever additional clarification needed from the "Faculty-in-charge" required vide the said syllabus to be nominated by every college per concerned Academic-Year of the 'Training Programme'.

Thanking and with due regards,

Sincerely yours,

Principal

1. Mr. Prasanna Desai and Team explained the concept of giving the desired entry exit to the commercial property of Maruti Suzuki and Royal Enfield showrooms respectively.

Mr. Bhalkar suggested that to keep the same number of entry exit to the property as it is constructed on site.

2. Mr. Prasanna Desai explained the Raymond showroom shop frontage drop off points at two locations (Raymond & Jockey Store's).

3. The entry exit for Life Ville Society was also discussed. It was decided that a pattern using cobble stone and 200mm x200mm heavy duty paver block will be prepared. It was also suggested by Team PDA to incorporate a soft area of 0.5m along the edge of the compound wall.

4. The site condition regarding Sadguru car parking entry exit was explained by Team PDA and it was suggested by Mr. Bhalkar that only one entry exit should be provided for Sadguru parking space.

5. The seating near Pantaloons Shop (Tea Stall) was discussed by the team.

It was concluded that the O shape seating will be made around the tree with one side chamfer along the walkway.

It was suggested by Mr. Bhalkar that the property beyond the RoW line to be cleaned and small shrubs can be planted there. The RoW line can be defined by the kerb edge for the soft area.

6. It was decided that Mr. Ghadge and Shirke team will carry out total station survey for PK chowk w.r.t. RoW and will be sharing the same with PDA team for preparing the junction drawing.
